March 2017

5916 Tanglewood Drive * Milton, FL32570

Golf Shop Hours: Monday - Sunday 6:30 am-6:30 pm

SPRING IS COMING! But, it will have a hard time improving on the weather that we have had lately. I hope you have had a chance to take advantage of the recent good weather. If you haven't been out lately, make plans to come see us soon.

March always marks the beginning of the charity outing season and this year Tanglewood is being chosen as the host course for several organizations. We are happy to have the chance to have these events and extra people out here this season. Please, check your calendars or with golf shop staff and make note of the schedule when making your golf plans.

You may have noticed a change in the tee marker placements around the course lately. We have eliminated the blue tees in an effort to give us more options as far as placement for the remaining markers and to make sure that there is a fair yardage difference between the various color markers. We hope that after adjusting to the change, that you all will enjoy your golf at Tanglewood as much as ever and be able to have fair competition when competing from different color tee markers. As always, I welcome your feedback and comments.

CONGRATULATIONS!

Don Harris is one of our members who recently accomplished a newsworthy feat. Don is 83 years old and on January 20th of this year, he went out and shot an impressive 71!

SUPER'S CORNER

We are currently spraying pre-emerges for better weed control this year in the fairways in an effort to improve the playability of them this year. It will be our continuous goal to make this course the best that we can for your enjoyment! Thanks!
